About Me

Hello! I'm a passionate Frontend Developer expertise in React JS. I excel at crafting elegant and efficient web applications that deliver seamless user experience.

With a deep understanding of component-based architecture, state management, and responsive design principles, I bring ideas to life with pixel-perfect precision. My expertise lies in crafting intuitive and interactive user interfaces that not only look great but also perform seamlessly across all devices and browsers.

Skills

- HTML
- CSS
- SCSS
- JAVASCRIPT
- REACT JS
- BOOTSTRAP
- MS OFFICE (Word, Excel)
- CodeMetrics (VS Code Extension)

Career Objective

As a passionate and self-driven Frontend Developer, I am eager to join Zoho Schools of Learning to further strengthen my foundation in software development. With a strong interest in React JS and modern web technologies, I seek to learn from industry experts and contribute to building innovative, real-world applications. My goal is to gain hands-on experience, grow through practical problem-solving, and become a valuable asset to Zoho's mission of delivering world-class software products. I am excited to be a part of a learning environment that values curiosity, creativity, and continuous growth.
